Description

This 2025 BMW 5 Series 520i M Sport is a high quality vehicle that has been maintained by only one owner and comes with the peace of mind of being BMW manufacturer approved. As an M Sport variant, this saloon combines the efficiency of a 2.0 litre petrol hybrid engine with the refined styling expected of the brand. It meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. To assist with daily driving, the car is equipped with a comprehensive Parking Assistant system, which includes front sensors, rear sensors, and a rear camera to make manoeuvring into tight spaces straightforward. The performance of this model is balanced by its practical design, offering a large boot space that makes it a versatile choice for both daily commutes and longer journeys. Drivers can benefit from a fuel economy of 49 mpg, which helps to keep running costs manageable, while the low CO2 emissions further

enhance its efficiency. Despite this focus on economy, the vehicle remains responsive on the road, capable of accelerating from 0 to 62 mph in 7.5 seconds. These combined attributes make it a well rounded option for those seeking a blend of power, practicality, and modern engineering.
